

PowerBlock[®] DUAL UNIVERSAL User Guide

Thank you for purchasing Griffin PowerBlock DUAL. This versatile AC wall charger lets you power and charge many MP3 players and other USB-rechargeable devices, including iPod[®] and iPhone[™]. Please check your USB device's documentation to find out more about its charging requirements.

Using PowerBlock DUAL

Plug PowerBlock DUAL directly into your AC wall outlet. PowerBlock's nonpolarized blades can be used with most common 100 to 240 Volt outlets.

Plug your device into PowerBlock DUAL using your own USB cable. PowerBlock DUAL features two standard Type A USB sockets, used by most such devices. With these sockets, you can charge two devices at the same time.

Illuminated Charge Indicator

When you plug PowerBlock DUAL into an AC outlet, its LED will glow green, showing that it is powered and ready to go to work.
